Team Feedback Sheet

Team Name: **21st Century Technology**

Meeting Date: March 9, 2012

Team Goal (s): The objective is to collapse the fifth grade curriculum into a pacing guide that articulates skills now required for grade six through eight.

Team Members Present:

Brian Lenz

Eric Schneweis

John Bouchard

Kim VanNahmen

Matt Legg

Team Members Absent (List Reason):

Susi Busch

Topics/Meeting Outcomes:

We reviewed and revised the pacing guide adding Kansas Career Pipeline, Email and Digital Citizenship. Discussion about Century 21 Jr books and software being used in the classroom concluded that all teachers would utilize the software. It was purchased 2 years ago and is still not installed in our computer labs. The software is usable in both schools, there is not a license number restriction. Created a needs list for both middle schools to begin the new year.

Questions/Concerns:
