SECTION 1: WRITING ASSESSMENT OVERVIEW

Purpose of the Kansas Writing Assessment

The Kansas Writing Assessment is a program of the Kansas State Board of Education and mandated by the Kansas State Legislature. The results are used for QPA accreditation. The Writing Assessment is designed to:

1. **produce data** that capture large trends across the state and that can be used as a measurement of writing skill and competence;
2. **reinforce the teaching of writing and the writing process** in all Kansas classrooms;
3. **challenge Kansas students in developing their writing skill** and critical thinking abilities in order to produce higher quality writing products.

Assessed Students and Frequency

1. The Writing Assessment is administered biennially in odd-numbered years.
4. The Writing Assessment is given at grade 5, grade 8, and once in high school.
5. Students in grade 11 in the spring of an odd-numbered year must have taken the assessment during high school. Students in grade 9 may take the Writing Assessment. However, their scores from this year will not be used in 2015 when new Common Core assessments are in place.
6. All students are tested with the exception of ELL students classified as Recent Arrivals. Refer to the guidelines for testing students with disabilities (pg. 53) and ELL students (pg. 5) for more detailed information.

Assessment Administration Modes

1. The 2012-2013 Kansas Writing Assessment is available via two platforms: the traditional paper/pencil platform (as has been used in previous years) and the Kansas Writing Instruction and Evaluation Tool (KWIET) platform. The assessments are identical; the only difference is the method of delivery.
2. The assessment via paper/pencil is available in the fall and spring with a testing window of October 3 – May 3. The assessment via the KWIET is available in the spring with a testing window of January 16 – May 3. (March 29 is the

deadline for students to have completed their writing; March 30-May 3 is reserved for scoring.)

Language for Writing Assessment

All papers must be written in English.

Number of Test Parts

Four testing sessions (activities), approximately 45 to 60 minutes in length, are needed to complete the Writing Assessment.

SECTION 2: TEST COORDINATORS

Building and district test coordinators should read this section.

TEST SECURITY & ADMINISTRATION

Test Security Plan

Guidelines and policies relating to test security and test administration in Section 2 of the *2012-2013 Kansas Examiner's Manual* should be followed. Additional guidelines that pertain to the paper/pencil administration of the Writing Assessment are listed below.

1. **The writing prompts are secure and should never be used for instruction.**
2. Districts/buildings that choose the paper/pencil option must "register" to receive paper/pencil materials at the following URL: <http://events.ksde.org/Default.aspx?tabid=754>. After completing the registration, two emails will be sent. One will have an attachment containing encrypted files that will be used for the paper/pencil assessment. The second will have the passwords to open the files.
3. Only one person in building should have access to the PDF copies of the paper/pencil assessment.
4. **Districts/buildings administering the Writing Assessment in the fall via paper/pencil will have to make their own paper copies of the assessment.** District coordinators should determine whether the materials will be printed at the district or local level. A designated person at each school should be responsible for distributing all the testing materials.
5. If materials are printed at the district level, building test coordinators should count test materials upon arrival and after testing.
6. Distribute test materials to teachers between 24 and 48 hours prior to the testing session. This will give teachers enough time to preview the materials.
7. No testing materials should be taken outside of the building.
8. All student test direction booklets must be destroyed (burn or shred) after testing. The district test coordinator must establish the procedures to be used.
9. Test materials may not be copied, reproduced, or paraphrased.

Test Administration

1. Distribute the Kansas Writing Assessment Manual and have teachers read pages 11 to 14 prior to test administration.
2. The Kansas Assessments are untimed. Students should be given as much time as needed to complete each test activity.
3. It is recommended that each of the four activities of the assessment be completed on separate days.
4. In general, each activity should be completed in one sitting. However, for some selected students (including those with IEP's), an activity may be administered over two separate test sessions (e.g. Some students will need more than one session to complete the rough draft or final copy.)
5. Test coordinators are responsible for teachers being properly trained for the scoring of papers.

PAPER/PENCIL OPTION TASKS

Overview

Districts/buildings that opt to administer the Kansas Writing Assessment (KWA) via a delivery platform other than KWIET (e.g., paper/pencil in the fall) will need to complete the following tasks.

1. **Register the district and / or buildings for the pencil / paper option.**
2. **Download the PDF files** that contain the Writing Assessment student booklets.
3. **Register students by submitting STCO and TEST records** to the KIDS system for all tested students.
4. **If a student will enter his/her own work using KWIET, download and install the KWIET student application** as per the instructions available at the following URL: <http://www.cete.us/kap/kwiet/>. If teachers or test coordinators will be entering the student work, this step is not necessary.
5. **Print and copy the PDF files for distribution.** The copies may be made either at the district or building level.
6. **Score student work via KWIET(This step cannot be done until Jan. 16, 2013) or paper/pencil.**

Registering the District/Building

1. Districts/buildings that choose the paper/pencil option must “register” to receive paper/pencil PDF files at the following URL: <http://events.ksde.org/Default.aspx?tabid=754>.
2. After completing the registration, two emails will be sent. One will have an attachment containing encrypted files that will be used for the paper/pencil assessment. The second will have the passwords to open the files.
3. Only district test coordinators and building test coordinators may have access to the PDF files.
4. The PDF files should be stored in a secure place where they cannot be accessed by other personnel.
5. The PDF files should be deleted after the test window closes.

Downloading PDF Student Booklets

1. After registering a building or district for the paper/pencil option, two emails will be sent to the person who completed the registration. The first will have an attachment with the encrypted PDF copies of the student booklets. The second will contain the password to unlock the encrypted PDF files.
2. The emails should not be forwarded to anyone else.
3. The PDF files should be downloaded and stored in a secure location.

Registering Students for Writing

1. STCO and TEST records must be submitted for all students taking the Writing Assessment via the paper / pencil option in the fall. Both record types are needed in order for the KWIET tool to function properly.
2. For TEST records, a test order type of “1” should be used for students taking the general assessment. A test order type of “4” should be used for the KAMM, and a test order type of “3” should be used for the alternate.

Downloading the KWIET Tool

1. The KWIET tool needs to be downloaded and installed only on computers that will be used by students to enter their own work.
2. To download the KWIET tool, go to <http://www.cete.us/kap/kwiet/>. Click on the tab titled “Installation.” Click on the appropriate link for Windows or Mac operating systems.

3. When fall paper/pencil writing responses are entered by the test coordinator or an adult designee, the responses will **not** be entered into the installed secure version of KWIET. They will be entered into an unsecure browser which they will access from a link. More details regarding publishing a student response in KWIET will be released in December 2012 at <http://www.cete.us/kap/kwiet/>.

Printing Student Test Booklets

1. Districts or buildings using the paper/pencil option must print their own copies of the student test booklets.
2. The PDF files of the student test booklets may be printed either at the district or building level.
3. The student test booklets should be stored in a secure manner prior to distribution.
4. Student test booklets may not be taken out of the building.
5. The student test booklets should be given to teachers no more than one day prior to the administration of the Writing Assessment.
- 6.

Publishing a Student Response via KWIET

1. More details regarding publishing a student response in KWIET will be released in December, 2012, at <http://www.cete.us/kap/kwiet/>.

Scoring Student Work via KWIET

1. **Student scores can be entered into the KWIET system during the scoring window (January 16-May 3).** Scores cannot be entered into KWIET prior to January 16, 2013.
2. Please note that student scores cannot be entered until a final response (even if that response states “student tested via paper/pencil”) has been entered and “published” for scoring during the student testing window (January 16-March 29).
3. Only teachers identified as part of the building scoring pool will be able to enter scores.
4. The procedure for entering the scores varies depending on the number of raters:
 - For districts/buildings requiring one rater, the teacher of record will log in to KWIET and enter the one set of trait scores that was given to the final student response.
 - For districts/buildings requiring two raters, the teacher of record will log in to KWIET and enter the first set of trait scores. Then, the second rater from the building scoring pool

will enter the second set of scores. Last, if needed, the third/discrepant rater from the building scoring pool will enter the third set of scores.

5. More details regarding entry of scores in KWIET will be released in December 2012 at <http://www.cete.us/kap/kwiet/>.

Entering Scores via Spreadsheet

Information regarding entry of scores via a spreadsheet is forthcoming (tentatively, January 2013) and will be posted at www.ksde.org. An announcement will be sent via the ListServes when this information is available.

CETE TEACHER ACCOUNTS

Teacher Account Required for KWIET

1. Teachers must have a teacher-level account at CETE in order to score student work via the KWIET tool.
2. STCO records must be submitted for the teacher as well.
3. Teachers must have core courses assigned to them in the STCO record in order to use the KWIET tool.
4. Users with teacher accounts cannot print out test tickets. Only building-level or district-level accounts are permitted to print out test tickets. Test tickets are generated in the CETE management tool and not in KWIET.

Requesting a CETE Teacher Account

1. Go to www.cete.us
2. Click on the link titled "Need a New Account?"
3. Teachers will be asked for the state teacher ID along with other information in order to acquire an account.

ELL (English Language Learners) STUDENTS

Testing Recent Arrivals

Recent Arrivals to the United States (formerly known as newcomers) are defined as ELL students who have attended **any** US school for less than one calendar year from the date the assessment window opens.

1. ELL students arriving on or after January 16, 2012 are defined as recent arrivals for writing.
2. The first date of education in the US is a data element submitted to the KIDS database by the local school or district.
3. If an ELL student first attended school in the U.S. after Jan. 16, 2012, the student does not need to take the Writing Assessment but must take the KELPA.
4. ELL students must take all assessments on grade level. Any student who is tested off grade level will be counted as “not tested”.
5. Refer to *Accommodations for ELL Students* on page 7 for a list of ELL accommodations.

History / Government, Reading, Writing Testing of ELL

Group	Policy
Recent Arrivals	<ul style="list-style-type: none"> • Not required to take the assessment but must take the KELPA.
Non-recent Arrivals	<ul style="list-style-type: none"> • Must take the assessment. • Results count for participation and are included in API calculations for percent at Meets Standard or above.

SC CODES

Special Coding (SC) Circumstances

SC codes are used to document certain situations. In some cases the coding may document why a student did poorly (e.g. SC-07 chronic absence) but will not exclude the student from ESEA or QPA calculations. In others it will exclude the student from ESEA or QPA calculations (e.g. SC-01 long-term suspension of a general education student)

SC codes are submitted via the online student editor at the CETE website. **SC codes are not used with 9th and 10th graders.**

Some situations cannot be addressed via an SC code (e.g. student dropped out of school). In these cases, ensure that the proper EXIT record has been submitted to the KIDS database.

Refer to the *Kansas Assessment Examiner's Manual* for a complete list of SC codes.

SC Codes Marked “Call KSDE”

For SC Codes marked “Call KSDE,” call the KSDE Assessment Helpline at 785-296-2261

Codes marked “Call KSDE” cannot be used after the student has completed the assessment and a score has been posted. If circumstances exist that may result in an invalid score, call KSDE prior to administering the assessment or during the administration of the assessment.

Careful proctoring of student behaviors that could result in an invalid test must be reported prior to the student completing the assessment.

SECTION 3: ACCOMMODATIONS

OVERVIEW AND GENERAL GUIDELINES

Accommodations Overview for Writing

1. IEP and 504 students may only use accommodations documented on IEP and 504 plans.
2. General education students may only use accommodations permitted by KSDE.
3. Accommodations should not be used on the state assessments if they have not been a regular part of instruction.
4. Refer to page 10 for a list of accommodation codes.
5. To use an accommodation other than one listed, contact your district test coordinator who will send the request to Cherie Randall at KSDE. If the accommodation changes the construct being tested, the student will count as not tested.
6. For additional information about accommodations or for guidelines about the read-aloud accommodation, go to the assessment page at the KSDE website (<http://www.ksde.org/Default.aspx?tabid=2372>).

Accommodations Prohibited for All Students

1. **Use of teacher-generated or student-generated journals, notes, logs, etc. is prohibited.** Refer to *Guidelines for Students* on page 12 for a list of approved materials that may be used by students.
2. **Use of commercially-made, teacher-made, or teacher-generated graphic organizers is permitted under the following conditions.**
 - Individual students are selecting to use these graphic organizers of their own volition (i.e., educators cannot require their use or coerce students to use them).
 - The graphic organizers are a tool used frequently during instruction.
 - No content specific to the prompt is included in the graphic organizer.

Accommodations for ELL Students

1. Directions may be read to the student in English or explained in the student's native language.
2. Electronic translators and bilingual dictionaries may be used.

SUBMITTING ACCOMMODATIONS

Overview

1. Testing accommodations not prepopulated by a KIDS TEST record submission may be recorded via the student editor at the CETE website or via a file upload. Refer to pages 8-9 for more details.
2. CETE will pre-populate the following accommodations in the CETE Student Editor in order to decrease the amount of data entry and to increase accuracy:
 - 2 – Braille edition
 - 3 – Large print edition
 - 4 – KCA audio voice (David voice)
 - 6 – Individual read-aloud accommodation
 - 8 – Group read-aloud accommodation
 - 13 – Paper / pencil accommodation
 - 16 – Spanish translation of the assessment
3. Buildings / districts will continue to code the following accommodations in the CETE student editor or via a file upload for fall OTL and Spring testing:
 - 0 – Separate setting
 - 1 – Frequent breaks,
 - 5 – Scribe
 - 7 – Communication device
 - 9 – Other
 - 10 – Directions signed to student
 - 11 – Student signed responses
 - 12 – Braille writer/slate
 - 14 – Student reads the test aloud to self
 - 15 – Translation dictionary

Student Editor at CETE

This function allows one to view student information submitted to KIDS including demographic data, attendance, building, accommodations, grouping information, ESOL status, SPED status, and test order type. In addition the student editor is used to record accommodation codes, Special Circumstances (SC) codes, and local special codes. **Only building-level and district-level accounts may access the student editor.**

Accessing the Student Editor

To access the Student Editor, do the following:

1. Log on to the CETE website at www.cete.us
2. In the left-hand column click on the link titled **NCLB**
3. Click on the link titled **Student Editor**.

Submitting Accommodation Codes

Some accommodation codes are automatically recorded by a TEST record submission. Refer to page 7 or page 10 for details. Accommodation codes may be submitted via the Student Editor or by a file upload. To submit accommodations via a file upload refer to page 9.

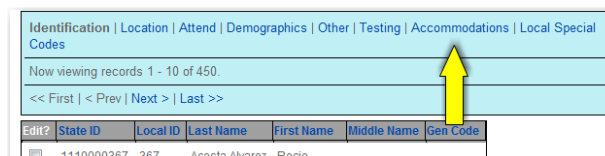

Submitting Accommodation Codes via the Student Editor

Accommodation codes that are prepopulated by a test order type (e.g. paper / pencil accommodation) cannot be edited or submitted via the Student Editor. Those codes may only be corrected via an updated TEST record submission.

Accommodation codes must be submitted by subject. If a student received an accommodation in both Reading and Mathematics, the codes must be submitted for both subjects.

To submit an accommodation code via the Student Editor, do the following:

1. Fill in the information on the Student Editor Filter page. A **subject, building, and grade** must be selected to proceed.
2. Additional optional filters include number of students displayed per page, data filters, student name, state student ID, local student ID, sort, and EXIT status may be used to select specific students.
3. Click on the **Continue** button.
4. In the center on the next screen, click on the link titled **Accommodations**.

*These accommodations are automatically recorded in the Student Editor at the CETE website with the TEST record submission to the KIDS database. Local building / district data entry is not required.

Accommodation Coding Notes

- 1. Accommodation codes marked with an asterisk are populated in the student editor at the CETE website via the TEST record submission. District and / or building coordinators do not have to record these accommodations.
- 2. Students receiving read-aloud either individually or in a group must be provided a separate, quiet, or individual setting. However, it is not necessary to code a "0" accommodation for these students in the student editor at CETE.
- 3. All other accommodations must be recorded via the online student editor at the CETE website.
- 4. The accommodation code for "extra time" is no longer used.

SECTION 4: TEACHERS

SCHEDULING AND TIME LIMITS

Number of Test Sessions Needed

1. Four test sessions are needed.

Time Limits

1. **The Writing Assessment is untimed.** Each student must be allowed as much time as is necessary and reasonable to complete each activity. Typically, students can complete the activity in 45 to 60 minutes.
2. If a student does not complete an activity within the time given to the class, the student may be allowed more time provided that
 - The student makes a serious attempt to complete the activity
 - The student is provided additional time immediately following the unfinished session. If the session is the last period of the day, the student may finish after school or the next school day.

Scheduling Activities or Test Sessions

1. Teachers may NOT deviate from the assessment format and time specifications set out in the Examiner's Manual. The format requires four test sessions or activities approximately 45-minutes in length. All four activities are to be completed within a two-week period once assessment begins.
2. Schools may NOT elect to decrease or increase the number of sessions.
3. The assessment sessions must provide for:
 - prompt selection and prewriting (activity 1)
 - drafting (activity 2)
 - editing/revising (activity 3)
 - and preparation of the final copy (activity 4).
4. It is recommended that each of the four activities of the assessment be completed on separate days.
5. In general, each activity should be completed in one sitting. However, for some selected students (including those with IEP's), test parts may be

administered over two separate test sessions. Some students may need more than one session to complete the rough draft or final copy.

6. It is recommended that testing be done on consecutive days.

WRITING PROMPTS

1. Students will be given a choice of writing prompts. The specific prompts are given in the Student Direction Booklet. All students at a grade must choose one of the prompts given.
2. **Schools are not permitted to alter the prompts, restrict the choices the state has made available, or substitute prompts.**
3. Grade 5 students write to a narrative prompt.
4. Grade 8 students are required to write to an expository prompt.
5. High school students are required to write to a persuasive prompt.
6. Fictional stories, poetry, scripts, and lengthy research reports are not permitted.
7. Students must write in English.

GUIDELINES

Allowable Practices

1. Students are allowed to use grammar and spell checkers on word processing programs as long as they have had prior experiences with the tools.
2. Teachers may pronounce words, phrases, or sentences in the directions and/or in the prompt when requested by a student.
3. Peer brainstorming and peer editing/feedback are allowed under the following conditions:
 - Students make the individual choice as to whether or not to participate in peer brainstorming and/or peer editing/feedback.
 - The peer brainstorming and peer editing/feedback are student directed and occur in a small group (four students or less).

Section 4: Teachers

- Teachers do NOT give any input or suggestions during the peer brainstorming and / or peer editing/feedback.

Prohibited Practices

1. Schools are not permitted to alter the prompts, restrict the choices the state has made available, or substitute prompts.
2. Teachers cannot direct students to choose words, ideas, or make suggestions for editing.
3. On the day of testing, teachers cannot suggest that students use graphic organizers, lists of transition words, etc.
4. On the day of testing, teachers may not hand out graphic organizers, lists of transition words, etc.

Use of Word Processors

1. The use of word processors is permitted only if all students at the tested grade(s) in the building are given the opportunity to complete the assessment using a word processor.
2. Word processors may be used only if students have been trained in their use.

Test Security

1. Immediately report any breach of test security, or loss of materials to your building or district test coordinator.
2. Teachers are responsible for the security of test materials. Test booklets should be kept in a secure, locked area before, between and after testing.
3. The teacher is responsible for collecting and destroying (shredding) student notes, scratch paper, and drawings, etc. at the end of each testing session.
4. Teachers may not review tests or analyze prompts before, during or after the assessment is administered.
5. No copies of the test booklets may be retained by teachers or administrators.
6. Do not discuss writing prompts with students before, during or after the administration of the assessment.
7. Do not copy, reproduce, or paraphrase test materials. Parallel writing prompts may not be constructed from actual test items.

Guidelines for Students

1. Students with disabilities who are eligible for the KAMM or general Writing Assessments will be tested at the same time as students who take the general Writing Assessment.
2. Students may write in the test booklets.

Section 4: Teachers

3. Students may NOT use prior work (in part or in whole), a work in progress, or material from a portfolio for the state assessment.
4. Students are permitted to use writing reference materials (dictionary, thesaurus, writer's guide/handbook, graphic organizers, lists of transition words, etc.) if they are typically made available during local writing instruction or assessment. The reference materials may not be handed out by the teacher to students on the day of the test. They must be selected by the student and no content specific to the prompt may be included in the graphic organizer.
5. Students are allowed to use grammar and spell checkers on word processing programs as long as they have had prior experiences with the tools.
6. Students may NOT access other support materials, reference books, library materials, or outside research during the class session when the Writing Assessment is scheduled to occur.
7. ELL students are allowed to use any type of dictionary including a translation dictionary.
8. Students may work on the writing piece only during the class session when the Writing Assessment is scheduled to occur.
9. The student's writing must be the product of the individual student.
10. The use of electronic devices like cell phones, PDA's, and similar devices is not allowed on any part of the assessment.
11. Students should make up any test session that occurred when the student was absent.

Ethical Issues

1. Under no circumstances should teachers directly edit student work.
2. Teacher and parental input, guidance, or assistance of any kind are specifically forbidden.
3. Do not respond to questions during testing that would help students with the selection of the prompt, with revision or editing of their work, with identifying the strengths and/or weaknesses of their essay, or to encourage them to revise, edit, or to make changes to their essay.
4. Teachers may not direct or prompt students to use certain strategies at the beginning of the test session or during the test. It is appropriate to remind students about strategies the day before the assessment.
5. Review sessions on content, the structure of writing pieces, sentence variety, etc. must be completed by the day before the test.
6. Do not coach or cue students in any way during test administration. This includes gestures and facial expressions.

7. Teachers may not say nor do anything that would let a student know whether the writing is good or suitable for the prompt selected.
8. Teachers may not ask students why a particular prompt was chosen.
9. Teachers may not tell students to redo or review any part of their essay.
10. Once testing in a subject has begun, no reviews, teaching, or practicing of tested indicators may be conducted.
11. Teachers may not grade brainstorming or initial drafts.

Scoring

1. Once students have completed the Writing Assessment, their final papers are to be evaluated by local professional district staff.
2. All papers must be scored using the appropriate 6-TRAIT scoring rubric.
3. The appropriate scoring rubrics are provided in the back of the Examiner's Manual. Student Direction Booklets outline the writing modality (narrative, expository, or persuasive) characteristics that will be evaluated by readers. Student taking the KAMM Assessment will see similar prompts and Modified Scoring Rubrics are available on KSDE's website.
4. **ELL students who take the general assessment will be scored using the appropriate general assessment rubric.**
5. **All students (including ELL students) must write in English.**
6. The state requires that each student's writing sample be evaluated and scored by at least one local rater. KSDE strongly encourages two local reads. If two local raters are used, it is acceptable for one of those two raters to be the student's classroom teacher.
7. KSDE encourages districts to provide two local reads as a means to initiate local staff development in support of effective writing instruction.
8. **Training materials related to scoring the Writing Assessment may be found at <http://www.ksde.org/Default.aspx?tabid=165>.**
9. **STATE READS WILL NOT BE USED TO RECALCULATE LOCAL SCORES.**

AGREEMENT TO ABIDE BY GUIDELINES

The following is a sample agreement to abide by the guidelines in the Kansas Writing Assessment Manual. To use this agreement, make a copy of this page for the appropriate staff members. Districts may modify the sample or use a district developed agreement.

The signed agreement should be kept on file by the building principal.

I have read and understand the information in this document regarding the Writing Assessment and agree to abide by the guidelines set forth.

SECTION 5: DIRECTIONS FOR ACTIVITY 1

PREPARATION FOR THE WRITING ASSESSMENT

4. Pencils / pens for each student (if the assessment is given via paper and pencil)
5. Lined paper (if the assessment is given via paper and pencil)
6. A clock that is visible to students
7. Bilingual dictionaries for ELL students
8. Dictionaries, thesauruses, and any other aids normally used as part of local writing instruction

General Directions

1. The directions for administering all tests as described in this manual must be followed to ensure uniform testing conditions. It is important that the testing environment not be disrupted by students who finish early.
2. Remember that **THESE ARE TEST-SECURE MATERIALS**. Do not keep or make copies of the tests. Test questions are not to be used for the development of instructional materials or used to build sample tests or assessment tools. No other use of these materials is permitted.
3. Teachers are to read and abide by the testing practices found on pages 11 - 14.
4. It is important that the testing sessions be conducted in a serious manner that encourages and motivates students to do their best.

KAMM Assessment Directions

1. The directions in the KAMM Student Directions booklet are similar to those found in the general assessment Student Directions booklet.
2. The reading level and vocabulary used in the directions have been adjusted to make them easier for the students to understand.
3. It is recommended that the directions for KAMM students be read to them in an individual or separate setting.

Script in the Manual

1. A script for teachers has been provided in this manual (scripted words are bolded and in quotes). For students with disabilities, the directions may be clarified or paraphrased.
2. You may not give instructions in addition to those in the manual.
3. If the directions apply only to a particular grade level, those directions will be in a box.

Materials Checklist

1. **Student Directions Booklets** (one per student plus one for the teacher) –There is a General Assessment Student Directions Booklet as well as a KAMM Writing Assessment Student Direction Booklet.
2. **Final Copy Booklets** (one per student) – On this form students are to copy their final writing sample that will be scored locally.
3. **Student answer sheets** – A common student answer sheet is used at all grades.

GENERAL ASSESSMENT DIRECTIONS – GRADE 5

Distribute the Student Directions Test Booklet

1. Distribute the Student Directions booklet to each student. The booklet contains the state's writing prompts and the students' directions for the four (4) activities; therefore, students will need access to the booklet throughout the assessment. A page is provided in the booklet for the Topic Choice and Planning activity.
2. *Direct the students to the cover of the Student Directions booklet.*
3. Say: **"We are now ready to begin the Writing Assessment. Before we begin, PRINT your name clearly at the top of the booklet in the space provided. Next, write your grade, the name of our school building, and then the number of our school district."** *Verify that students are correctly filling out the information.*
4. Read aloud the Introduction and Scoring Guide information from the Student Directions booklet to the students. Include any changes you will be making in the four activities listed.
5. Say: **"Read the information on the first page silently as I read aloud. You are participating in an assessment of writing. This Writing Assessment will involve four (4) activities. Directions will be provided for each activity. The activities are as follows:**
Activity 1: You will choose a topic and be given time to think about what you want to write.
Activity 2: You will write a rough draft.
Activity 3: You will revise and edit your rough draft, making any changes you wish.
Activity 4: You will recopy your essay and proofread your presentation copy."

In writing your drafts, revising your writing, and making a presentation copy, you may use a dictionary, a thesaurus, or other aids your teacher makes available. Many students wonder how long a paper should be. You should write as much as necessary to complete the assignment effectively. You will have two to four pages for your final essay."

Say: "Only the presentation copy of your essay will be judged. Your essay will be judged on the six traits of writing, so keep them in mind as you plan, draft, revise, edit, and make a clean copy to complete your essay. Among the ideas on which your writing will be judged are the following items:

- presents ideas in an interesting, original manner (ideas and content);
- develops your ideas with appropriate examples and details (ideas and content);
- organizes your ideas with a good beginning, middle and end (organization);
- links one idea to the next so that they work well together (organization);
- brings the topic to life by having a clear purpose (voice);
- writes in such a way that people who read the paper will find it interesting (voice);
- selects words to present ideas in a precise and natural way (word choice);
- uses sentences that make ideas flow (sentence fluency); and
- follows rules for punctuation, capitalization, usage, spelling, and paragraphing (conventions)."

Students Choose a Prompt and Begin Planning

1. Now direct the students to turn to page 2, the section entitled ACTIVITY 1: PROMPT CHOICE AND PLANNING. Read the directions at the top of the page to the students.
2. Say: **"Read the directions silently as I read them aloud. The prompts your writing may address are given below. These prompts are meant to offer you choices about your writing. They are meant to be "starting points" to encourage your thinking and your exploration of a topic. Your essay will not be penalized for originality or for taking a unique perspective on the topic. Also, your essay will not be scored down simply because portions of the prompt are not addressed.**
Read each prompt suggestion. Then, think about and plan what you want to write. Which one of these prompts will help you produce your best writing? Choose that prompt."
3. *At this time take a Student Directions booklet and begin reading aloud all of the prompt choices.*

4. Say: “Spend some time thinking about what you will write. Once you have chosen your prompt, write the prompt number and title of the prompt on the Prompt Choice and Planning Sheet (page 4). As you plan, write down your ideas. Your writing must be your own and appropriate for your audience. Today’s test session is designed to allow you to plan your writing. Do NOT begin working on the rough draft during this test session. The rough draft will be completed in our next session. You may not work on this writing outside of class or at home.

At _____ (insert time agreed upon with test coordinator) I will stop the testing session. Most of you will be finished, but some of you may need more time. If you need more time, I will tell you how to continue testing after this session. Does anyone have any questions?” (Answer any questions.)

5. Say: “You may begin.”

During Activity 1

1. Move quietly around the room.
2. Make certain that students are following instructions and are on task.
3. Give assistance to any student having problems following instructions.
4. Periodically remind students of the time remaining for the test session.

When Students Have Completed Activity 1

1. Immediately upon completion of the activity, collect all Student Directions test booklets.
2. Secure the test booklets and answer sheets for the next session.

GENERAL ASSESSMENT DIRECTIONS – GRADE 8

Distribute the Student Directions Test Booklet

1. Distribute the Student Directions booklet to each student. The booklet contains the state’s writing prompts and the students’ directions for the four (4) activities; therefore, students will need access to the booklet throughout the assessment. A page is provided in the booklet for the Topic Choice and Planning activity.
2. *Direct the students to the cover of the Student Directions booklet.*
3. Say: “We are now ready to begin the Writing Assessment. Before we begin, **PRINT** your name clearly at the top of the booklet in the space provided. Next, write your grade, the name of our school building, and then the number of our school district.” *Verify that students are correctly filling out the information.*
4. Read aloud the Introduction and Scoring Guide information from the Student Directions booklet to the students. Include any changes you will be making in the four activities listed.
5. Say: “Read the information on the first page silently as I read aloud. You are participating in an assessment of writing. This Writing Assessment will involve four (4) activities. Directions will be provided for each activity. The activities are as follows:

- presents main idea(s) or a thesis statement (ideas and content);
- provides informative detail, which may include personal experiences, observations, or prior knowledge, to support and clarify the main idea(s) (ideas and content);
- organizes your ideas so there is an interesting introduction and an ending that ties the information together (organization);
- links one idea to the next so that they all work well together (organization);
- uses language that is natural but brings the topic to life (voice);
- writes an essay that is interesting enough to make the reader want to read to the end (voice);
- uses words that are appropriate for the writer, subject, and reader (word choice);
- defines meanings of any special vocabulary or makes meanings clear through the context (word choice);
- varies the beginnings and the length of sentences so the ideas flow smoothly (sentence fluency); and
- uses appropriate punctuation, capitalization, spelling, grammar, and paragraphing (conventions).”

Students Choose a Prompt and Begin Planning

6. Now direct the students to turn to page 2, the section entitled ACTIVITY 1: PROMPT CHOICE AND PLANNING. Read the directions at the top of the page to the students.

1. I write about things I know or do.
2. I have a good beginning that tells what I am going to write about.
3. I give interesting details that fit my main idea.
4. I write in the order that things happen.

5. I use words like, "also, in addition, first or next."
6. I use strong words that show feelings and actions.
7. I begin sentences with different words.
8. I write both long and short sentences.
9. I write complete sentences using subjects and verbs.
10. I indent or use spacing to show paragraphs.
11. I use capitalization, punctuation and my best spelling.
12. I end my paper at a good place."

Students Choose a Prompt

1. Say: **"Turn to page 2 in your booklet. Find the place at the top of the page that says STEP 1: CHOOSE SOMETHING TO WRITE ABOUT. Read the directions silently as I read them out loud."**
2. *Read aloud the entire page to the students.*
3. *Two ideas or topics are given as choices. Teachers may clarify the choices, but they may NOT change them.*

Students Plan for Writing

1. Say: **"Turn to page 3 in your booklet. Find the place at the top of the page that says STEP 2: PLAN WHAT YOU WANT TO WRITE. Read the directions silently as I read them out loud."**
Read aloud the entire page to students.
2. Say: **"Spend some time thinking about what you will write. Once you have chosen your idea or topic, write it on the line on page 3. After you do that, begin writing down your ideas. Today you will only be planning. Do NOT begin working on the rough draft. You work on the rough draft on _____ (insert the day or time when students will work on the rough draft.) You may not work on this writing outside of class or at home."**
3. At _____ (insert time agreed upon with test coordinator) I will stop the testing session. If you still need more time, I will tell you how to continue your planning. Does anyone have any questions?" (Answer any questions.) "You may begin."

During Activity 1

1. Move quietly around the room.
2. Make certain that students are following instructions and are on task.
3. Give assistance to any student having problems following instructions.
4. Periodically remind students of the time remaining for the test session.

When Students Have Completed Activity 1

1. Immediately upon completion of the activity, collect all Student Directions test booklets.
2. Secure the test booklets and answer sheets for the next session.

KAMM DIRECTIONS – HIGH SCHOOL

Distribute the Student Directions Test Booklet

1. Distribute the Student Directions booklet to each student. The booklet contains the state's writing prompts and the students' directions for the four (4) activities; therefore, students will need access to the booklet throughout the assessment. A page is provided in the booklet for the Topic Choice and Planning activity.
2. *Direct the students to the cover of the Student Directions booklet.*
3. *Say: "We are now ready to begin the Writing Assessment. Before we begin, PRINT your name clearly at the top of the booklet in the space provided. Next, write your grade, the name of our school building, and then the number of our school district." Verify that students are correctly filling out the information.*
4. Read aloud the Introduction and Scoring Guide information from the Student Directions booklet to the students. Include any changes you will be making in the four activities listed.
5. *Say: "Read the information on the first page silently as I read aloud. You are going to take part in a Writing Assessment. This Writing Assessment will have five steps."*
 - **Step 1: Choose something to write about.**
 - **Step 2: Plan what you want to write.**
 - **Step 3: Write your story.**
 - **Step 4: Read what you have written and change it to make it better.**
 - **Step 5: Neatly copy what you have written to the FINAL COPY BOOKLET.**

You may use a dictionary, a wordbook, or other things your teacher may have to help you write and spell. Many students ask how long a paper should be. You should write as much as you need to explain your idea or topic.

Look at the box at the bottom of the page titled *Writing Guide*. Remember to do these things as you write your story"

1. I begin with a position on the topic that is important to me.
2. I try to get the reader to see things my way.
3. I give details that support my position.
4. I use words like "first, therefore, or also" to connect my ideas.

Section 5: Directions for Activity 1

5. I write so that what I am saying is clear and believable.
6. I describe my position using colorful adjectives and adverbs.
7. I write sentences that work together to support my position.
8. I begin sentences with different words.
9. I write using simple and complex sentences.
10. I use capitalization, punctuation and my best spelling.
11. I make complete sentences using subjects and verbs.
12. I indent or use spacing to show paragraphs.
13. I end my paper by retelling my position."

1. Immediately upon completion of the activity, collect all Student Directions test booklets.
2. Secure the test booklets and answer sheets for the next session.

SECTION 6: DIRECTIONS FOR ACTIVITY 2

PREPARATION FOR ACTIVITY 2

During Activity 2 students write a rough draft. This may be done on paper or on a word processor.

Distribute Student Directions Test Booklets

1. Distribute the *Student Directions* test booklets to all students.
2. Make certain that students have access to the materials listed on page 15 in the section titled *Materials Checklist*.
3. If students are writing their essays on a word processor, computers should be available.

GENERAL ASSESSMENT DIRECTIONS – PAPER/PENCIL

Read Directions to Students

1. For grade 5 and grade 8, direct students to turn to page 5 in their *Student Directions* test booklet. High school students turn to page 6.
2. Say: **“Silently read the directions for Activity 2 as I read them aloud.”**

You are going to write your rough draft to address the prompt you have chosen. If you wrote down ideas during the planning activity, you may review them and use them to help write your rough draft. Write this draft in PENCIL using your own paper. First of all, at the top of your paper write your name, the topic number and title of the topic you chose. Write on EVERY OTHER LINE OF THE PAPER, SO THAT YOU HAVE ROOM TO REVISE YOUR

WORK LATER. You may print or use cursive writing.

In writing your draft, revising your writing, and making a presentation copy, you may use a dictionary, a thesaurus, or other aids your teacher makes available. Only the presentation copy of your paper will be graded. Use the Scoring Guide information on page 1 as a checklist as you write.

At _____ (insert time agreed upon with test coordinator) I will stop the testing session. Most of you will be finished, but some of you may need more time. If you need more time, I will tell you how to continue testing after this session. Does anyone have any questions?” (Answer any questions.)

3. Say: **“You may begin.”**

During Activity 2

1. Move quietly around the room.
2. Make certain that students are following instructions and are on task.
3. Give assistance to any student having problems following instructions.
4. Periodically remind students of the time remaining for the test session.

When Students Have Completed Activity 2

1. Immediately upon completion of the activity, collect all Student Directions test booklets.
2. Collect the rough drafts and secure them.
3. Secure the test booklets for the next session.

1. For grade 5 and grade 8, direct students to turn to page 5 in their *Student Directions* test booklet. High school students turn to page 6.
2. Say: **“Silently read the directions for Activity 2 as I read them aloud.”**

Look at the directions for Activity 2 as I read them aloud. Since you are writing your rough draft on a word processor, some of the directions will be different from the ones printed in your *Student Directions* test booklet.

You are going to write your rough draft to address the prompt you have chosen. If you wrote down ideas during the planning activity, you may review them and use them to help write your rough draft. Write this draft on the computer. On the first line of the document, type the topic number and title of the topic you chose. Set your line spacing for double spacing. (If students do not know how to set up a document for double spacing, remind them of the process at this time).

In writing your draft, revising your writing, and making a final copy, you may use the spell checker, a dictionary, a thesaurus, or other aids your teacher makes available. Only the final copy of your paper will be graded. Use the Scoring Guide information on page 1 as a checklist as you write.

Be sure to save your file every ten minutes.

At _____ (insert time agreed upon with test coordinator) I will stop the testing session. Most of you will be finished, but some of you may need more time. If you need more time, I will tell you how to continue testing after this session. Does anyone have any questions?” (Answer any questions.)

1. Direct students to turn to page 4 in their Student Directions test booklet.
2. Read aloud to students the directions on the page.
3. If students are writing via a word processor, remind them to save their files every 10 minutes.
4. Say: **“You may begin.”**

During Activity 2

5. Move quietly around the room.
6. Make certain that students are following instructions and are on task.
7. Give assistance to any student having problems following instructions.
8. Periodically remind students of the time remaining for the test session.

When Students Have Completed Activity 2

1. Immediately upon completion of the activity, collect all Student Directions test booklets.
2. Collect the rough drafts and secure them (if done via paper and pencil).
3. If the rough draft was done via a word processor, remind students to save their file.
4. Secure the test booklets and rough drafts (if done via paper and pencil) for the next session.

SECTION 7: DIRECTIONS FOR ACTIVITY 3

PREPARATION FOR ACTIVITY 3

During Activity 3 students revise and edit their rough draft. This may be done on paper or on a word processor.

Distribute Student Directions Test Booklets

1. Distribute the *Student Directions* test booklets to all students.
2. Make certain that students have access to the materials listed on page 15 in the section titled *Materials Checklist*.
3. If students are revising and editing their rough draft on a word processor, computers should be available. Students may revise and edit on paper or on the computer.

GENERAL ASSESSMENT DIRECTIONS – PAPER/PENCIL

Read Directions to Students

1. For grade 5 and grade 8, direct students to turn to page 5 in their *Student Directions* test booklet. High school students turn to page 6.
2. Read the directions appropriate for the mode of testing.
3. Say: “Silently read the directions for Activity 3 as I read them aloud.

For this activity you will revise and edit your rough draft. You may use a dictionary or thesaurus.

Make needed revisions in your rough draft. You may change or rearrange paragraphs, sentences, and words or even rewrite entire sections. Make these revisions in the space that remains on your draft paper or use more of your own paper.

Make as many changes or corrections on your rough draft as you wish. In thinking about how you might review your rough draft, it may be helpful to consider the following:

- What did you set out to do in your first draft?
- Imagine yourself as the reader. As a reader, how do you react to the draft you wrote? What worked well? What do you want to know more about?
- What do you need to do to improve the idea or the approach you took in your first draft?

Edit your rough draft for punctuation, capitalization, word usage and spelling. It is good practice when editing not to erase words or sentences. Cross out words you do not want, and write the new words on the line above those crossed out; you may want to look back at your original version.

Remember to review and consider the Scoring Guide on page 1 when making your revisions and edits.

SECTION 9: SCORING PAPERS

OVERVIEW OF LOCAL SCORING

General Guidelines

1. School districts are required to provide at least one reading and evaluation of each student's writing. Only one local read and evaluation is required. However, two are recommended.
2. The 6-TRAIT Analytical Scoring Model and Kansas Revised Writing Rubrics are to be used to evaluate student papers.
3. Only the KS Writing Assessment Final Copy of the student's work is to be evaluated.
4. When scores are entered via KWIET, the first rater will be the student's teacher of record. STCO submissions to the KIDS database determine the teacher of record for each student.
5. **Training materials related to scoring the Writing Assessment may be found at <http://www.ksde.org/Default.aspx?tabid=165>.**

Scoring Rubrics

1. The appropriate scoring rubric for the grade level must be used.
2. Papers for ELL students are scored on grade level using the general assessment rubric.
3. Papers for KAMM students are scored using the Modified rubric for the grade level.

Scoring Process

1. Each of the six dimensions is scored independently. Ratings on one trait should not influence the scoring of other traits.
2. Make frequent reference to the written descriptions of the traits when scoring.
3. Do not focus solely on the "negative" elements in the student's writing. Balance the evaluation by being sensitive to the "positive" elements.
4. **If student work is scored in the fall, the building or district should devise some method for recording scores so that the data may be entered into the KWIET tool or spreadsheet in the spring.** The method for

recording scores should include some way of identifying the raters as a later date.

5. When there will be only one local reader, that individual's ratings must be recorded in such a manner that the score can be identified as "Rating #1." If a second local rating is done, that evaluation must be recorded in a manner that it can later be identified as "Rating #2."
6. The second rater is to provide the evaluation independent of the first reader's judgments. Best practice is to cover the scores of the first rater with removable tape while the second read is being conducted. This prevents the second rater from being influenced by the first rater's scores.
7. When two local ratings of papers are made, a district may decide to use a third rater if the ratings vary by more than one unit. Only traits on which there are discrepancies (rating separation between the first and second raters of more than one unit) are evaluated by the third rater. These ratings should be identified as "Rating #3."
8. Complete details of KSDE's suggested scoring procedures may be found at: <http://www.ksde.org/LinkClick.aspx?fileticket=xsXP5gQgy4%3d&tabid=165&mid=6456&forcedownload=true>

How Writing Scores Are Determined

1. If a trait is scored by more than one rater, the average of the ratings is used to determine the final score for the trait.
2. The composite score for the General Writing Assessment is calculated using the formula below.

$$\frac{\text{Ideas} \times 3 + \text{Org.} \times 3 + \text{Voice} \times 2 + \text{Word Ch} \times 2 + \text{Sent.} + \text{Conv.}}{12}$$

3. The composite score for the KAMM Writing Assessment is calculated by first converting the scores from a 3-point scale to a 5-point scale.

Issues Related to Scoring

1. **Titles** – Students are not required to have a title for the paper. Do NOT score down for this.
2. **Neatness/Messiness** – The neatness of handwriting should not be a factor in scoring, especially in Conventions.
3. **Referring to the Prompt** – Many writers write excellent papers on-topic, but do not refer directly in any way to the language of the prompt. This is fine. Do NOT demand an obvious reference (e.g., “My most memorable experience was the time when...”) to the prompt.
4. **Rater Bias** – If the rater cannot objectively read a paper (e.g. due to profanity or opinions expressed), the paper should be passed on for scoring by someone else.
5. **Crisis paper** – Identify papers that deal with suicide, child abuse, drug or alcohol abuse, serious depression, or other topics that suggest possible need for interventions by a counselor/psychologist. Bring the paper to your principal’s attention for review and action. These papers are to be scored after identification.
6. **Reactions to Content** – Personal reactions to the specific content of the essay may influence scoring. If the writer’s values are not the same as the scorer’s or the writer’s choice of overall theme or specific details are unappealing, this may unduly affect scoring.
7. **Persona or Tone** – Personal reactions to the persona or tone of the writing can influence scoring. Scorers should take into account any thoughts such as “What a cute kid!” or “How conceited!” that may affect the accuracy of their scoring.
8. **Style or Usage Prejudice** – Some idiosyncratic preferences in style or usage (e.g., the use of a lot, get, or that is; the halo effect of a well-turned phrase; the use of a particular cliché) can create bias.
9. **Prior Experience with Student** – Deeply ingrained personal classroom assessment experiences with specific students can corrupt accurate scoring. Thoughts such as, Pablo is the best writer in the class, so his essay must receive straight 5s, or Samantha never does well with writing; I’m sure her essay is horrible, can influence scoring.
10. **Personal Standards of Quality** – Raters often have personal standards for what makes or does not make quality writing. Rationalizing scores with personal thoughts such as, Three misspelled words means a piece can only score a 3 or below in Conventions, or Only an essay that is completely error free can receive a top score, is a form of bias. When scoring for the Kansas Writing Assessment, the rubric must be followed.

11. **Conventions of a Particular Form** – Conventions of a particular mode or genre may also present biasing factors. For example, some scorers may be biased that all personal narrative writing must include vivid description filled with sensory detail or that all persuasive essays must follow the traditional five-paragraph format. Again, these biases should not influence scoring for the Kansas Writing Assessment.

SCORING RUBRICS

The following pages show the scoring rubrics to be used at each grade level.

SECTION 10: GENERAL GUIDELINES FOR ASSESSING STUDENTS WITH EXCEPTIONALITIES

STUDENT GUIDELINES

Gifted Students

Gifted students are to be assessed with the general assessment at the grade level in which they are enrolled.

Students with a 504 Plan

Students with a 504 plan are to be assessed with the general assessment. The accommodations contained in their plan should be applied when taking the assessment. Allowable accommodations on state assessments can be found on page 7.

Disabled Students with an IEP

Students who have been identified as having a disability and who have an Individualized Education Program (IEP) will participate in state assessments. **All students are expected to be tested.** Students with an IEP may be tested using one of the following assessment options:

1. General assessment (with accommodations as appropriate)
2. Kansas Assessment of Modified Measures (KAMM) with accommodations as appropriate.
3. Kansas Alternate Assessment

It is the responsibility of the IEP team to determine which assessment is appropriate for the individual student. Guidance for IEP teams on determining the appropriate assessment for a student can be found at: <http://www.kansped.org/ksde/assmts/kamm/Eligibility.pdf>

TEST TYPES AND ACCOMMODATIONS

Information about the KAMM

The KAMM (Kansas Assessment of Modified Measures) is a state assessment with modified achievement standards based on grade level content standards. The KAMM format is a modified version of the general assessment consisting of different prompts and modified directions that provide additional steps. . More information on the KAMM, including specific content indicators to be assessed, can be found at <http://www.kansped.org/ksde/assmts/kamm/kammfaq.doc>.

District coordinators may contact Deb Matthews at 785.296.3743 with questions about the KAMM assessment.

Information about the Alternate Assessment

The Kansas Alternate Assessment (KAA) consists of a collection of data (i.e. data folio) of an individual student's performance of skills and content outlined in the Kansas Extended Standards. For each content area, the IEP team decides on the five most appropriate extended indicators (at least one from each Extended Standard) that reflect the student's specially designed instruction. The process for selection of indicators, data collection, and scoring can be found in the Kansas Alternate Assessment Teachers Guide. The Teachers Guide and Extended Standards can be found at <http://www.kansped.org/ksde/assmts/ksalt/ksalt.html>.

District coordinators may contact Deb Matthews at 785.296.3743 with questions about the Kansas Alternate Assessment.

Notes on KAMM and Alternate Assessment Participation

As many eligible students as appropriate may participate in either the KAMM or alternate assessments. There is no limitation on participation in any assessment type for students with IEPs.

All students who take the KAMM and alternate assessment will count toward participation. A federal cap has been established on the number of students that can be counted as proficient when calculating AYP. For KAMM, the cap is 2% of the district's testing pool. For alternate assessments, the cap is 1% of the district's testing pool. In cases where a district exceeds these federal caps, the percent of students exceeding the cap will be reclassified as not proficient when calculating AYP.

If less than 1% of district students are proficient on the alternate assessment, proficient scores on KAMM can be included to fill out the 1% (in addition to the 2% normally allowed for the KAMM). The reverse is not allowable.

Accommodations

Guidance on accommodations can be found in the Kansas State Department of Education Accommodations Manual on the KSDE website. The manual includes information on the use of accommodations in instruction and classroom assessments as well as information on allowable accommodations on statewide assessments.

Information about accommodations and guidelines for the read-aloud accommodation are found on the assessment page at the KSDE website (<http://www.ksde.org/Default.aspx?tabid=420>).

For a list of accommodation codes to be used on the answer sheet or with the online student editor at CETE, refer to page 7.

Kansas Appropriate Testing Practices Fact Sheet 2012 – 2013

Test Security

- Do **not** review tests or analyze test items before, during or after the assessment is administered.
- Do **not** discuss any specific test items on the test with students before, during or after the administration of the assessment.
- Do **not** construct answer keys so that an assessment may be scored locally.
- Do **not** reproduce or rewrite test materials.
- Testing materials may not be taken out of the building.
- Report any breach of test security, loss of materials, failure to account for materials, or any other deviation to Dr. Cherie Randall, Assessment Coordinator, Kansas State Department of Education, 785.296.3996.

District Test Coordinator's Responsibilities

- Must participate in/attend state training on test security yearly and are responsible for coordinating and documenting the training of staff within their own district who will participate in administration or proctoring state assessments.
- Oversee test security for the entire district and order the materials necessary for test administration for each building in the district.
- Establish procedures for distribution and return of materials (i.e. Braille tests) and destroying (burn or shred) all test materials upon completion of testing.

Building-Level Person's Responsibilities

- The building test coordinator is responsible for test security at the building level and must follow procedures outlined by District Test Coordinator.
- Store test materials (booklets, tickets) in a secure, locked area before and between each session(s) and after testing.
- Count test materials (read aloud scripts, paper pencil accommodation, Braille, etc.) upon arrival, between each session, and after testing;
- Distribute test materials to teachers immediately before the testing session (*see Read Aloud Accommodation) and collect upon completion of the testing session;
- Instruct teachers not to open test booklets prior to administration (*see Read Aloud Accommodation); and return materials to District Test Coordinator.

Classroom Teacher's Responsibilities

- Follow test procedures outlined in the Examiner's Manual and ethical practices for testing.
- Follow procedures outlined by District/Building Test Coordinator.
- Follow established District/Building procedures for collecting and destroying (shred) student notes, scratch paper, and drawings, etc. upon completion of each test part and the entire test.
- Teachers/Staff may not say nor do anything that would let a student know whether an answer is correct.
- Teachers/Staff may not ask students how they got an answer.
- Teachers/Staff may not tell students to redo a specific item or to review any specific part of the test once testing has begun.
- Upon completion of the test session, teachers must verify the End Review Screen to see that all test questions have been answered before a student exits the test.
- Teachers should actively monitor the testing environment by moving around the room.

***Read-Aloud Accommodation** – The reader providing the read-aloud accommodation may have access to the test materials for a very limited time before the test. The testing materials may not be taken out of the building. Refer to test security training materials and Examiner's Manual for more information on the Read Aloud Accommodation.

Acceptable Test Preparation Practices

- Provide students with the opportunity to learn the content and vocabulary by basing instruction on state standards and an aligned local curriculum.
- Integrate teaching of test taking skills with regular classroom instruction and assessment.
- Assure students have had prior experience with the testing format being used
- Use formative assessments (whiteboards, observations, questioning, pre-tests, classroom/local assessments) to inform instruction.

Unacceptable Test Preparation Practices

- Do **not** use actual or altered test questions (clone, parallel) for practice or instruction.
- Do **not** conduct comprehensive reviews or drills the day of the test or between testing sessions.

Test Administration

Before

- Download/distribute and read the Examiner's Manual prior to test administration and follow the instructions during administration.
- Remove or cover (with opaque material) bulletin board displays, charts and diagrams, and other instructional material which may give assistance or advantage during testing.

During

- Actively monitor the testing session. Moving around the room encourages students to focus on their own work.
- Teachers/Staff may not require students to show work or use scratch paper. Scratch paper may not be graded and it must be destroyed at the end of the test session.
- Students may use blank paper to show and check their work. This work must be collected and destroyed upon completion of the test session.
- Teachers/Staff may not require students to use manipulatives, graphic organizers, or other tools during the assessment.
- Do not coach or cue students in any way during test administration. This includes gestures and facial expressions.
- Do not respond to questions during testing that would help the students to understand the question, aid them in responding to an item, or advise/encourage them to edit or change a response.
- Readers may not clarify, elaborate, or provide assistance to students in any way. When reading test items aloud, readers must be careful not to give clues that indicate the correct answer or help eliminate some answer choices. The reader must avoid cueing the student by using voice inflection or by providing information that is not in the test.

After

- The teacher may verify the End Review Screen (KCA) to see that all test questions have been answered before a student exits the test. They may not go back and review each question individually with the student.
- Collect and destroy (shred) student notes, scratch paper, and drawings, etc. upon completion of each test part.

Reactivation of Student Tests

- The district testing coordinator is responsible for establishing the process/system used by the district for reactivating students for the KCA. Some districts allow building test coordinators to do this. Others only allow the district office to reactivate. Teachers may not reactivate.
- Best practice is to have two people present when reactivating a student test. Teachers may not reactivate.
- If there is a need to reactivate a test session for a student, contact your district or building test coordinator and give them the student's name, grade, subject, and the reason for reactivation.
- A reactivation log must be kept on file with the District Test Coordinator.
- Should you need to reactivate and re-open a test session for any reason (i.e. the student shut down the test without checking with an adult and staff wants to make sure the student actually completed the session, etc.), the student must be present when the test session is re-opened. This must also be recorded on the reactivation log.
- Reactivation after all three parts are completed must be approved/completed by the District Test Coordinator.
- Once you have reviewed student learning results you should not reactivate a student test part. The only exception to this rule is for students who have not answered all test questions contained within a test part as noted on the Missing Responses page provided by CETE.
- Reactivation should not occur for students whose results you deem are not appropriate (i.e. the student scored a 48 and you know they are capable of doing better so you reactivate one part of the test to try to improve the score). If you feel there are circumstances that do not allow the collection of valid assessment data notify your District Test Coordinator who will contact KSDE.

Important information on Test Security and Reporting Item Issues

Tremendous effort goes into the review of state assessment items, but occasionally there is an error or a typo which gets by. Both KSDE and CETE want to be informed of item issues for review and follow-up. If an error is verified it will be corrected and if necessary student scores will be adjusted. **However, due to test security issues we expect administrators and teachers to abide by the Test Security and Administration guidelines in the Examiner's Manual.** Therefore, if a student or a read-aloud reader questions the correctness of an item, follow the procedures below.

First, to the student, repeat the information from the script directions, teacher print directions, or KCA directions:

"Choose the answer that you think is best. There is one correct or best answer to each question. Carefully read the question. Work the problem". *It may be appropriate in certain circumstances to tell the student or reader that their concern will be forwarded to KSDE for review and analysis.*

Second, collect the following information and forward the information to your district test coordinator who will then forward the information to Cherie Randall or Lee Jones at KSDE.

- Student's name and state ID number to aid in test identification.
- Content area and grade of the test
- Form number or type that appears on the student's ticket
- Test part and sequence number of the item (for reading tests there might also be a passage number)

General note: When a script item differs from the KCA item, READ the KCA item from the screen or the printed test. Then send the information requested above to Cherie Randall or Lee Jones.

Please do not forward the item, the item stem, any answer choices or narrative descriptions of the item via e-mail (theses are "live" secure test items).

However, it is helpful to know what the issue is:

- No right answer
- Multiple correct answers A & C are both correct
- A word is misspelled
- The sentence is grammatically incorrect

When it comes to a problem with reading passages, **when possible**, please provide the issue and the paragraph number and the sentence number within the paragraph.

For example: 12 paragraph (starts with, The dog...) 3rd sentence The cat's name...ISSUE: The name of the cat is misspelled.

Kansas Alternate Assessment (KAA) and Kansas Assessment of Modified Measures (KAMM)

- Administered to students identified as eligible by their IEP team
- Only 3% of district students may be classified as Meets Standards or higher using the KAMM and the Alternate assessments
- Only 1% of district students may be classified as Meets Standards or higher using the alternate assessment
- Link to KAA webpage: <http://www.ksde.org/Default.aspx?tabid=2384>
- Link to KAMM webpage: <http://www.ksde.org/Default.aspx?tabid=2371>

Formative and Interim Assessment

- For formative and interim assessment in the area of writing, KSDE suggests making use of the Kansas Writing Instruction and Evaluation Tool (KWJET): <http://www.cete.us/kap/kwjet/>

Annual Measurable Objectives (AMOs)

- Percentage of students needed at Meets Standards or above:
 - 5th Grade = 67%
 - 8th Grade = 73%
 - High School = 76%

Performance Levels, Cut Scores, and Standard of Excellence

- Five performance levels and cut scores:
 - Exemplary – 4.40
 - Exceeds Standard – 3.75
 - Meets Standard – 3.00
 - Approaches Standard – 2.30
 - Academic Warning – < 2.30
- Criteria for Standard of Excellence: <http://www.ksde.org/Default.aspx?tabid=2379>

* closing of the student testing window

** closing of the scoring window with the last week (April 26 – May 3) reserved for any discrepant/third reads not completed previously

English Learners (ELs)

- All ELs must take the Kansas English Language Proficiency Assessment (KELPA)
- Link to the KELPA web page: <http://www.ksde.org/Default.aspx?tabid=2450>
- Recently arrived students (after Jan. 16, 2012) may take the KELPA in lieu of the KS Writing Assessment
- ELs may use translation dictionaries and other tools if accustomed to their use during instruction
- Students must compose in English

GLOSSARY

Accommodations: Accommodations are tools and procedures in the areas of presentation, response, setting, and timing/scheduling that provide equitable access during instruction and assessments for all students. Accommodations do not reduce learning expectations; they provide access.

Alternate Assessment: A state assessment for a student who is significantly delayed and requires substantial adjustment to the general curriculum. A maximum of 1% of district students may be counted proficient using the alternate assessment.

API: Assessment Performance Index. The API is a performance measure that assigns a point value to each student's performance level (1000=Exemplary, 750=Exceeds Standards, 500=Meets Standards, 250=Approaches Standards, 0=Academic Warning). The point values are averaged at the building level. The resulting API is used in several calculations related to the ESEA waiver.

CETE: The Center for Educational Testing and Evaluation.

ENRL records: Records submitted to the KIDS database that detail enrollment information about a student.

ELL: English Language Learners

ESEA: Elementary and Secondary Education Act. Provisions in the law allowed KSDE to apply for a waiver from the requirements of NCLB.

EXIT record: A record submitted to the KIDS database that indicates that the student is no longer enrolled in the school or district.

KAA: Kansas Alternate Assessment. See alternate assessment.

KAMM: Kansas Assessment of Modified Measures. The KAMM is a state assessment based on modified academic achievement standards for each grade level content standard. It is given to students with disabilities. A maximum of 2% of district students may be counted proficient using the KAMM.

KCA: Kansas Computerized Assessment

KELPA: Kansas English Language Proficiency Assessment. This English, language, proficiency test is required for all ELL students until they score proficient two consecutive times on the composite score as well as on all subtests.

KIDS ID #: The student's state student ID number.

KIDS: Kansas Individual Data on Students. KIDS is a student-level record system maintained by the Kansas State Department of Education. The database contains demographic information as well as data regarding the student's grade level, district, school, ELL status, etc.

Local testing window: The test window at the building level. For instance, a school may decide that it will administer the reading assessment from March 1 until March 11. This is its local testing window. Local testing windows may vary among schools in the same district.

Manipulatives: Physical objects used as an aid in understanding abstract concepts.

NCLB: No Child Left Behind. Federal legislation that mandates state testing and accountability.

OTL: Opportunity to Learn. Students at the high school level are not required to be tested at any certain grade level. They must be tested by the end of a specific grade level for a cohort year (this varies by subject). Students are tested after they have completed the coursework needed to prepare them for the assessment.

P&P: Paper and pencil

QPA: Quality Performance Accreditation. The system used by the state of Kansas for accrediting schools.

Reactivation: When a student has exited a test part, the student is not allowed to go back to that part unless the test part has been reactivated.

Recent Arrivals: ELL students whose first education in the United States occurred one year or less before the opening of the testing window. Previously, these students were known as Newcomers.

SAR: Special Action Request. Requests regarding testing situations, special accommodations, etc. submitted at the CETE website.

SC Codes: Special Coding Circumstances. SC codes are used to document unusual testing circumstances like truancy or cheating.

STCO: Student Course records. These student records are submitted to the KIDS database. The record links the student to courses and teachers.

Test part: One section of the test. Each test part requires one session of approximately 45 minutes.

TEST records: File records submitted to the KIDS database that detail assessment information for students including the test order type, testing mode, grade level, etc. This record must be submitted before a student can be tested online, be included in OTL spreadsheets, or have a preslugged answer sheet.

Test session: The time or period set aside for testing.

Test order type: The type of assessment that a student takes. There are three test order types: general assessment, KAMM, and the alternate assessment.

Test Window: The beginning and ending dates when assessments may be administered.

Testing Mode: The method used to test students. There are two modes available: online (via KWIET) or paper and pencil (fall only).
